Dr Hoodbhoy,

It has been a distinct pleasure getting to know you & hearing your perspective on our studies. It is so rare that one gets to hear stories from someone so close to the source. It felt like we were learning things unknown even to America's foreign policy architects. I am very fortunate to have met you & look forward to meeting you again.

Best wishes for good health, good fortune, & peace for you & your family.

Regards,

-Joel
